

Broadmead Range

Based in the Mendips in the South West of England, Broadmead Range is a unique explosive range that can be used for research and development, training, filming, and product testing.

The range can accommodate shots up to 8kg or a multiple of smaller shots depending upon your requirement.

We have a range of facilities available for hire, including:

- A HME Lab
- Multiple Indoor Workspaces that can be tailored for your needs
- Large Conference Room
- Sand Pit/Search Lane
- IEDD Skills House
- IEDD Subterranean Lane
- Explosive Demolitions Range
- Breaching House (Explosive charges up to 1Kg) which facilitates explosive, shotgun and mechanical breaching for doors walls and windows.
- Outdoor Covered Workspace
